

PABLO RIGALLI

Senior Software Engineer Location: Argentina | Phone: +54 342 4076985 Email: rigallipablo@gmail.com LinkedIn: [linkedin.com/in/pablo-rigalli/](https://www.linkedin.com/in/pablo-rigalli/) | Portfolio: pablo-rigalli.vercel.app

PROFESSIONAL SUMMARY

Senior Software Engineer with over 5 years of experience leading the development of high-impact web and mobile applications across e-commerce, telecommunications, and advertising sectors. Expert in **JavaScript, TypeScript, React, and Node.js**, with a proven track record in micro-frontend architectures and performance optimization. Successfully delivered high-availability products for international clients, including **Cencosud, Movistar, PepsiCo, and Spotify**. Specialist in Agile methodologies and **CI/CD** automation to accelerate time-to-market.

WORK EXPERIENCE

Itti | Senior Software Engineer June 2024 – Present | Paraguay (Remote)

- **Lead** the frontend development for large-scale e-commerce and vendor management platforms, increasing operational efficiency through optimized user interfaces.
- **Define** architectural standards and code governance policies, significantly reducing technical debt and ensuring long-term scalability for distributed systems.
- **Automated** deployment lifecycles using **GitHub Actions**, achieving a 30% reduction in integration errors within production environments.
- **Spearhead** code reviews and **Scrum** ceremonies, elevating team quality standards and ensuring consistent delivery across every sprint.
- **Technologies:** TypeScript, React, Next.js, Node.js, GitHub Actions.

Acid Labs | Senior Software Developer January 2022 – June 2024 | United States (Remote)

- **Architected** the e-commerce platform for **Cencommerce-Cencosud**, managing the project from initial technical conception to successful deployment for thousands of users.
- **Developed and optimized** robust APIs using **Nest.js** and **GraphQL**, implementing **Swagger** documentation which reduced cross-team integration time by 25%.
- **Implemented Webpack Module Federation (WMF)** to decouple the frontend architecture, enabling multiple teams to develop features in parallel without code conflicts.
- **Guaranteed** 99.9% system uptime by implementing comprehensive unit testing and automated **CI/CD** pipelines.
- **Technologies:** TypeScript, Node.js, React, Nest.js, WMF, Swagger, GraphQL, GitHub Actions.

Contenidos Digitales | SSR Frontend Developer January 2021 – December 2021 | Argentina

- **Designed** high-impact user interfaces for **PepsiCo** and **Spotify**, optimizing load performance and user retention for global digital campaigns.

- **Delivered** complex frontend solutions using **React and Next.js**, meeting strict deadlines in high-demand advertising environments.
- **Optimized** the styling system using **CSS Modules**, improving maintainability and development speed for cross-functional projects.
- **Technologies:** React, GraphQL, Next.js, TypeScript, CSS Modules.

Applica Mobile | Frontend Developer *January 2020 – January 2021 | Argentina*

- **Transformed** the **Movistar** self-management platform, resulting in a measurable improvement in customer experience and digital conversion rates.
- **Developed** responsive and functional components using **JavaScript and Bootstrap**, ensuring seamless navigation across mobile and web devices.
- **Technologies:** JavaScript, jQuery, .NET, Bootstrap, Jira.

Alberione Ingeniería en Sistemas | Web Developer *January 2020 – August 2021 | Argentina*

- **Developed** critical security web applications integrating **facial recognition** technology for health control projects during the COVID-19 pandemic.
 - **Implemented** secure authentication modules, guaranteeing data integrity during high-volume access processes.
 - **Technologies:** JavaScript, Python, CSS Modules, Trello.
-

TECHNICAL SKILLS

- **Languages & Runtimes:** JavaScript (ES6+), TypeScript, Node.js.
 - **Frontend:** React, Next.js, Tailwind CSS, CSS Modules, WMF.
 - **Backend & APIs:** Nest.js, GraphQL, Swagger, REST APIs.
 - **Tools & DevOps:** Git, GitHub Actions, AWS, Jira, Trello.
 - **Testing:** Jest, Cypress.
 - **Methodologies:** Scrum, Agile, CI/CD, Clean Architecture.
-

EDUCATION

- **Bachelor's Degree in Biotechnology** | Universidad Nacional del Litoral (Argentina)

LANGUAGES

- **Spanish:** Native.
- **English:** Intermediate (B2 - Proficient in technical communication and documentation).
